City of Shelton PROCLAMATION

WHEREAS, On February 29, 2020, the Governor of Washington State proclaimed that a State of Emergency exists in all counties in the state of Washington for the novel coronavirus (COVID-19); and

WHEREAS, COVID-19, a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can easily spread from person to person; and

WHEREAS, The United States Centers for Disease Control and Prevention (CDC) identifies the potential public health threat posed by COVID-19 both globally and in the United States as "high", and has advised that person-to-person spread of COVID-19 will continue to occur within the United States, including Washington State; and

WHEREAS, Washington State Department of Health has now confirmed localized person-to-person spread of COVID-19 in Washington State, significantly increasing the risk of exposure and infection to Washington State's general public and creating an extreme public health risk that may spread quickly;

NOW, THEREFORE, City Council for the City of Shelton, Washington, as a result of the above-noted situation, do hereby proclaim that a State of Emergency exists in the City of Shelton. City Offices and departments are directed to utilize city resources and do everything reasonably possible to assist in an effort to respond to and recover from the outbreak, and to assist Mason County in any reasonable way to implement the Mason County Comprehensive Emergency Management Plan

PROCLAMATION BY THE GOVERNOR

20-05

WHEREAS, On January 21, 2020, the Washington State Department of Health confirmed the first case of the novel coronavirus (COVID-19) in the United States in Snohomish County, Washington, and local health departments and the Washington State Department of Health have since that time worked to identify, contact, and test others in Washington State potentially exposed to COVID-19 in coordination with the United States Centers for Disease Control and Prevention (CDC); and

WHEREAS, COVID-19, a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can easily spread from person to person; and

WHEREAS, The CDC identifies the potential public health threat posed by COVID-19 both globally and in the United States as “high”, and has advised that person-to-person spread of COVID-19 will continue to occur globally, including within the United States; and

WHEREAS, On January 31, 2020, the United States Department of Health and Human Services Secretary Alex Azar declared a public health emergency for COVID-19, beginning on January 27, 2020; and

WHEREAS, The CDC currently indicates there are 85,688 confirmed cases of COVID-19 worldwide with 66 of those cases in the United States, and the Washington State Department of Health has now confirmed localized person-to-person spread of COVID-19 in Washington State, significantly increasing the risk of exposure and infection to Washington State’s general public and creating an extreme public health risk that may spread quickly; and

WHEREAS, The Washington State Department of Health has instituted a Public Health Incident Management Team to manage the public health aspects of the incident; and

WHEREAS, The Washington State Military Department, State Emergency Operations Center, is coordinating resources across state government to support the Department of Health and local officials in alleviating the impacts to people, property, and infrastructure, and is assessing the magnitude and long-term effects of the incident with the Washington State Department of Health; and
